DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Keith A. Chanroo (Reg. No. 36480) on 06/19/06.

The application has been amended as follow:

Claim 1 line 1, after " file" insertion – for producing integrated circuit--.

Claim 1 line 4, after " rule values" insertion –, wherein the step of generating a table file comprises: converting the first design rule document into a text file; checking for a rule indicator in the text file; and replacing information adjacent to the rule indicator with a design rule value for a design rule found with the rule indicator--.

Claim 3 line 1, change "a first design" to --the first design--.

Claim 4 has been canceled.

Claim 5 line 1, change "claim 4" to --claim 1--.

Claim 10 line 1, after " program" insertion – for producing integrated circuit--.

Claim 10 line 5, after " rule values" insertion –, wherein the step of generating a table file comprises: converting the first design rule document into a text file; checking for a rule indicator in the text file; and replacing information adjacent to the rule indicator with a rule value--.

Claim 11 has been canceled.

Art Unit: 2825

Claim 12 line 1, change “claim 11” to --claim 10--.

Claim 25 line 1, after “ file” insertion – for producing integrated circuit--.

Claim 25 line 5, after “ rule values” insertion –, wherein the mean for generating a table file comprises: means for converting the first design rule document into a text file; means for checking for a rule indicator in the text file; and means for replacing information adjacent to the rule indicator with a design rule value for a design rule found with the rule indicator--.

Claim 26 line 1, change “a” to –the--.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

1. Claims 1-3, 5-10, 12-20, and 25-28 are allowed because the prior art does not teach or suggest a method for generating a rule-based file, for producing integrated circuits, comprising: obtaining a rule document associating design rules and design rule values; generating a table file from the rule document associating design rule names for the design rules with corresponding ones of the design rule values; wherein the step of generating a table file comprises: converting the first design rule document into a text file; checking for a rule indicator in the text file; and replacing information adjacent to the rule indicator with a design rule value for a design rule found with the rule indicator; obtaining a parameterized rule file having logical operations associated with the design rule names; and replacing the design rule names in the parameterized rule file with corresponding ones of the design rule values in the table file.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
